1.	Address: 1829 Newton Ave N Property Identification Number (PIN): 16-029-24-32-0001
2.	Lot Size: 43' x 45.4'; area = 1,952 sq ft
3.	Current Use: vacant land
4.	Current Zoning: R1A
5.	Proposed future use (include attachments as necessary): Sideyard for an adjacent owner
6.	List addresses of adjacent parcels owned by CPED/City:
	<u>None</u>
7.	Project Coordinator comments: This parcel may be added to the Sideyard Sales Pilot Program this Spring. The best option would be to sell the land to the adjacent owner of 1833 Newton (also vacant land) and reunite the original platted lot. However, the current owner of 1833 has delinquent property taxes and selling to him would violate City policy. The 1833 parcel was previously tax-forfeited land and looks to be well on the path to forfeiture again. Does Single Family have any interest in buying the 1833 parcel and combining it with our 1829 land to create a full buildable lot?

Section II. Zoning Review	
8.	Lot is Buildable Don-Buildable for any structure. Explain: If sold to an adjacent property owner, the land must be merged in accordance with section 531.100 (b) of the Minneapolis Zoning Ordinance. Any other development may require variances to the setback and building width regulations of the zoning code.
9.	Will any land use applications (rezoning, variances, etc) be required to achieve the proposed future use noted in item 5? Yes No I lifyes, what applications? For merger of common ownership lots, paperwork can be done with Hennepin County. A single-family home would require at a minimum administrative site plan review.

Section III. Community Planning Review	
11.	Adopted small area plan(s) in effect for parcel – please list:
	<u>None</u>
12,	Future land use/designation(s) identified in <i>The Minneapolis Plan</i> and other adopted plans: <u>Not designated in TMP</u>
13.	Is future land use proposed in item 5 consistent with future land use plans?
	Yes No I If no, why not?
14.	Does the City own adjacent parcels that could be combined with this parcel to create a larger development (see item 6).

City of Minneapolis CPED - Public Land Sale

Yes 🔲 No 🗵 If yes, explain development scenario possible by combining City-owned parcels
15. Is parcel identified in adopted plans as a catalyst/essential site for future development? Yes ☐ No ⊠
If Yes, what type of development?
Comments: From a land use policy and regulatory perspective, combining the properties for a single family home makes sense regardless of ownership. For what it's worth, I resonate with Rebecca's suggestion that it
may not make sense to put it in the sideyard program when the neighboring property is not in stable ownership.
